

Free Video Lesson and Worksheet: Unlocking Student Motivation

Take Your Students from Goal Setters to Goal Getters

This lesson from Outlier’s award-winning College Success course guides students to discover what motivates them and then define their college or career goals. Share this free video lesson and worksheet with your students to help them find their why.

In this 14-minute lesson, students will learn how to:

- ✓ Identify their beliefs, values, and interests that inform their academic or career goals
- ✓ Create, track, and modify SMART goals
- ✓ Develop a growth mindset

Your Students Deserve Best-in-Class Dual Credit

High school students nationwide get an affordable head start on college with accredited dual credit courses transcribed by the University of Pittsburgh.

Through Outlier.org, they gain access to award-winning online courses taught by the best from Yale, MIT, even NASA, plus credit-bearing professional certificates from top companies like Google.

It’s never been easier to empower your students to earn college credits with unlimited tutoring and asynchronous, 39-week cohorts for flexible scheduling.
